## **FITTING INSTRUCTIONS**

- To fit the radiator guard to the bike, cut the foam strip (**item 2**) provided into 10mm wide pieces and stick them to the back of the radiator guard frame (**item 1**), so that they sit between the radiator guard and the radiator.
- Remove the two upper radiator mounting bolts arrowed in **pictures 1** and **2**.
- Offer the radiator guard into position as shown in the top pictures and secure using the original bolts in the upper mounts as shown in **pictures 3** and **4** (do not fully tighten at this stage).
- Place two of the M6 hex headed bolts with washers (**items 3 and 4**) through the two lower mounting brackets (as shown in **pictures 5 and 6**) and secure using the two dome headed nuts with washers (**items 4 and 5**).
- Finally tighten all bolts and nuts.

### **CONSUMER NOTICE**

The catalogue description and any exhibition of samples are only broad indications of the Products and R&G may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order. The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in R&G's order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes. Where R&G fits the Products or undertakes other services it shall exercise reasonable skill and care and rectify any fault free of charge unless the workmanship has been disturbed. The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the Products. On return of any defective Products R&G shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with R&G's or manufacturer's instructions and good engineering practice or if the defect arises from accident or neglect. Other than identified above and subject to R&G not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products or the fitting or service concerned. These terms do not affect the Buyer's statutory rights.

### **R&G RETURNS POLICY (NON-FAULTY GOODS)**

Returns must be pre-authorized (if not pre-authorized the return will be rejected). Goods may only be returned direct to us if they were purchased direct from us (customer must prove if necessary). Otherwise to be returned to original vendor. Goods must be in re-sellable condition, in the opinion of R&G. All returns are subject to a 25% restocking and handling fee (25% of the gross value exc. P&P – at the prevailing price at time of purchase). The customer must pay any and all carriage charges. No returns of discontinued products, unless within 14 days of purchase. This policy does not affect your statutory rights and does not refer to faulty goods.

## **NOTICE DE MONTAGE**

- Pour monter la protection de radiateur sur la moto, découpez la bande de mousse (article 2) fournie en morceaux de 10 mm de large et collez-les à l'arrière du cadre de protection de radiateur (article 1), de manière à ce qu'elles se placent entre la protection de radiateur et le radiateur.
- Retirez les deux boulons de fixation du radiateur supérieurs indiqués par les flèches sur les photos 1 et 2.
- Présentez la protection du radiateur en position comme indiqué sur les photos du haut et fixez-la à l'aide des boulons d'origine dans les supports supérieurs comme indiqué sur les photos 3 et 4 (ne serrez pas complètement à ce stade).
- Placez deux des boulons à tête hexagonale M6 avec rondelles (articles 3 et 4) dans les deux supports de montage inférieurs (comme indiqué sur les photos 5 et 6) et fixez-les à l'aide des deux écrous à tête bombée avec rondelles (articles 4 et 5).
- Enfin, serrez tous les boulons et écrous.
