PICTURE 5

FITTING INSTRUCTIONS

- To fit the radiator guard to the bike cut the foam strip provided into 10mm wide pieces and stick them to the back of the radiator guard frame, so that they sit between the radiator guard and the radiator.
- Remove the side fairings from both sides of the bike, along with the plastic grille behind the front wheel, as shown in pictures 1 & 2
- Remove the bolt that secures the bottom of the radiator to the frame mounting bracket, as shown in picture 3.
- Offer the R&G Radiator Guard into place by sliding upwards from below and behind the inner plastic cowling. When in position, locate the bottom mounting slot using the original bolt.
- Position one cable tie through the upper mounting holes on the right hand side of the radiator and loop around the top radiator / frame mount, as shown in picture 4. Once in place, tighten the cable tie.
- Repeat the above stage on the upper mount for the left hand side of the radiator as shown in picture 5.
- Re-fit the fairings and the OEM plastic grille, it will sit just in front of the radiator guard.

representation or warranty (other than as to title) has been given or will apply to the Products other than those in R&G's order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes. Where R&G fits the Products or undertakes other services it shall exercise reasonable skill and care and rectify any fault free of charge unless the workmanship has been disturbed. The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the Products. On return of any defective Products R&G shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with R&G's or manufacturer's instructions and good engineering practice or if the defect arises from accident or neglect.

Other than identified above and subject to R&G not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products or the fitting or service concerned. These terms do not affect the Buyer's statutory rights.

R&G RACING RETURNS POLICY (NON-FAULTY GOODS)

Returns must be pre-authorized (if not pre-authorized the return will be rejected). Goods may only be returned direct to us if they were purchased direct from us (customer must prove if necessary). Otherwise to be returned to original vendor. Goods must be in re-sellable condition, in the opinion of R&G Racing. All returns are subject to a 25% restocking and handling fee (25% of the gross value exc. P&P – at the prevailing price at time of purchase). The customer must pay any and all carriage charges. No returns of discontinued products, unless within 14 days of purchase. This policy does not affect your statutory rights and does not refer to faulty goods.

PHOTO 3

PHOTO 4

PHOTO 5

Instructions de montage:

- Couper la mousse autocollante en bandeaux de 10mm de large et collez-les au bas du cadre de support protection radiateur, de façon à ce qu'ils se retrouvent entre la grille de protection et le radiateur.
- Enlever les carénages latéraux des 2 cotés de la moto, avec la grille plastic derrière la roue avant (photos 1 & 2).
- Enlever le boulon qui fixe le bas du radiateur au support cadre (Photo 3).
- Mettre la grille de protection R&G en place en la glissant vers le haut depuis le bas et derrière l'intérieur du capot en plastique. Une fois en position, placer la fente du support à l'aide du boulon d'origine.
- Placer un collier de serrage à travers les trous de fixation supérieurs du côté droit du radiateur et enroulez autour du support cadre / radiateur (Photo 4). Une fois en place, serrer le collier de serrage.
- Répétez l'étape précédente sur le support supérieur pour le côté gauche du radiateur (Photo 5).

- Remettez les carénages et la grille en plastique d'origine, elle se placera juste devant la grille de protection radiateur.
