FITTING INSTRUCTIONS

- Insert the 4x rubber grommets (**Item 2**) into the radiator guard in the holes circled in yellow (as shown above) if they do not come already installed.
- Remove the upper radiator mounting bolt as shown in **Picture 1**.
- Remove the nut on the outside of the radiator mount as shown in **Picture 2**.
- Offer the radiator guard (**Item 1**) into position ensuring the LHS mount hooks over the mounting thread, and the RHS upper mount lines up with the radiator mount.
- Replace the nut from the LHS radiator mount.
- Replace the bolt removed from the RHS mount ensuring to place through the radiator guard mount, do not fully tighten at this stage.
- Remove the lower radiator mount bolt as shown in **Picture 3** and rotate the radiator guard into position, lining the lower radiator guard mount hole up with the lower mount.
- Once you are happy with the position of the radiator guard, tighten each bolt until the guard is firmly secured into position.

CONSUMER NOTICE

The catalogue description and any exhibition of samples are only broad indications of the Products and R&G may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order. The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in R&G's order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes. Where R&G fits the Products or undertakes other services it shall exercise reasonable skill and care and rectify any fault free of charge unless the workmanship has been disturbed. The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the Products. On return of any defective Products R&G shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with R&G's or manufacturer's instructions and good engineering practice or if the defect arises from accident or neglect. Other than identified above and subject to R&G not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products or the fitting or service concerned. These terms do not affect the Buyer's statutory rights.

R&G RACING RETURNS POLICY (NON-FAULTY GOODS)

Returns must be pre-authorized (if not pre-authorized the return will be rejected). Goods may only be returned direct to us if they were purchased direct from us (customer must prove if necessary). Otherwise to be returned to original vendor. Goods must be in re-sellable condition, in the opinion of R&G Racing. All returns are subject to a 25% restocking and handling fee (25% of the gross value exc. P&P - at the prevailing price at time of purchase). The customer must pay any and all carriage charges. No returns of discontinued products, unless within 14 days of purchase. This policy does not affect your statutory rights and does not refer to faulty goods.

NOTICE DE MONTAGE

- Insérez les 4 œillets en caoutchouc (article 2) dans la protection radiateur dans les trous entourés en jaune (comme indiqué ci-dessus) s'ils ne sont pas déjà installés.
- Retirez le boulon de montage supérieur du radiateur comme indiqué sur la photo 1.
- Retirez l'écrou à l'extérieur du support du radiateur comme indiqué sur la photo 2.
- Placez la protection du radiateur (article 1) en position en vous assurant que le support côté gauche s'accroche sur le filetage de montage et que le support supérieur côté droit s'aligne avec le support du radiateur.
- Remplacez l'écrou du support de radiateur côté gauche.
- Remplacez le boulon retiré du support côté droit en vous assurant de le placer à travers le support de protection radiateur, ne serrez pas complètement à ce stade.
- Retirez le boulon de montage inférieur du radiateur comme indiqué sur la photo 3 et faites pivoter la protection radiateur en position, en alignant le trou de montage inférieur de la protection radiateur avec le support inférieur.
- Une fois que vous êtes satisfait de la position de la protection radiateur, serrez chaque boulon jusqu'à ce que la protection soit fermement fixée en position.
